About the Institute

Kashi Institute of pharmacy was established in 2009 with the view to provide courses of study and preparing trained man power in the field of pharmacy in the region. The institute is providing opportunity and environment to the students to exchange their views and updating the knowledge in the field of pharmacy. The institute is now becoming the centre of excellence. It is equipped with modern laboratory and latest equipments with advanced teaching techniques and other essential facilities.

Kashi institute of Pharmacy (KashiIP) offers degree course in Pharmacy. The institute is affiliated to Dr. A.P.J. Abdul Kalam Technical University (College Code:551) and has been recognized by AICTE and PCI, New Delhi.

KASHI IP AT THE LAND OF ETERNITY

Varanasi, the land of eternity at the bank of river Ganges and between the rivers Varuna and Assi, the spring of the noblest human value, the ultimate in aesthetics and the summa-bonum of the rich ethics of India is the noblest city of not only India but the whole world.

About the Conference

Kashi institute of Pharmacy (Kashi Group of Institution) is going to organise a one day National Virtual Conference on "Emerging Innovations and Insights in Pharmaceutical Sciences" on 11th March 2022, Friday.

The conference is an especially one day event which will provide a multi-channel communication platform that brings together all the healthcare professionals, producers and consumers of pharma world. It is a perfect platform for researchers, scientists and delegates to share experience, Foster collaborations across industry and academia, and evaluate emerging technologies across the globe.

The Pharmaceutical industry has an important role in designing and developing drugs. They play a significant role to treat diseases and more importantly to improve the quality of life. KIP provides an excellent platform for the interaction between experts in the areas of pharmaceuticals, drug delivery, nanomedicine, biotechnology, and nanotechnology around the world and aims in sharing some unique research and translational studies on various advances in the related fields.

Registration fees (INR): Free

Registration Link:

<https://forms.gle/h1UNwFX4IcNhVLEQA>

CERTIFICATE: e-Certificate will be given to the all participant

Conference Objective

- To create a platform for the education and training of pharmacists to a level of specialization and maintain continuing professional development.
- Advocate on how pharmacy professional looking to develop the pharmacy workforce within a broader context within health care systems.
- Describe the knowledge, skills and the attitudes required for good patient-centered pharmacy practice.
- To identify transformative change in pharmacy education needed to meet the accelerated societal needs including new competencies required.
- To appraise the importance of the evolution of new technologies on society and on the healthcare landscape.

KASHI GROUP OF INSTITUTION

Dr. Anshul Singh is presenting

St~~o~~p TB

The world when a person with TB disease coughs, sneezes or spits and you breathe the air contaminated with TB germs.

The germs reach your lungs. From there they can go to other parts of your body.

Your body fights the TB germs.

Participants: Anshul Singh, Pritama Kishan, Anshika Rai, Sakshi Anand, Anshika Singh, Dr. Anshul Singh.

WHO aims to reduce the burden of TB

WHO has announced a new six-point plan TB strategy which builds on the success of DOTS while also explicitly addressing the six challenges facing TB. Its goal is to substantially reduce the global burden of tuberculosis by 2035 by ensuring all TB patients, including for example those co-infected with HIV and those with drug-resistant TB, receive high-quality diagnosis and patient-centred treatment.

Dr. Anshul Singh is presenting

WORLD TUBERCULOSIS DAY

24 MARCH

Participants: Pritama Kishan, Dr. Anshul Singh, Anshika Singh, Sakshi Anand, Anshika Rai, Anshul Singh.
